## Pre-visit Activities for the Classroom

1. Explore the Museum website ([bocamuseum.org](http://bocamuseum.org)) to generate excitement about the upcoming trip.
2. Introduce vocabulary words that will be used by docents during the tour.
3. Brainstorm questions with the students to ask while on tour and record on chart paper.
4. Create a K.W.L. chart and elicit responses from the class for the *What I Know* and *What I Want to Know* columns. Save the chart for the post-visit activity of completing the *What I Learned* column (download a K.W.L chart from the Museum's website).
5. Suggest some books to familiarize students with art and artists in general, and artists from the Museum's collections in particular.
6. Divide the class into small research groups to develop students' roles as "specialists" on the theme chosen for the tour.
7. Please review the Museum rules with students and chaperones.
