Class Name: Enameling: Fun with Glass on Metal  
Instructor: Michel McNabb  
Instructor Email: adnanrazack8@gmail.com

Materials needed for the class:

Learn basic and advanced enameling techniques. We will be sifting, painting, and even drawing on our glass to create unique enameled jewelry. After enameling, the pieces will be mounted and put together to make colorful, artistic, and one of a kind wearable art.

Optional Student supply list:

• small paint brushes  
• artist paint palette  
• dust mask  
• eye droppers
